

Clarkstown Parents Make a Difference

Our community has come together in many ways to help our friends and neighbors through difficult times. Currently, each of our schools is participating in a district-wide food drive. Non-perishable food items are being donated and dropped off at each school. However, struggling families also need fresh food like milk, bread, eggs, meat and fish to have a healthy diet. They also need personal hygiene items such as shampoo and toothpaste and cleaning supplies too!

You can help by purchasing a gift card that a family can use to purchase these needed items at a local area supermarket or drug store.

Gift cards that you have purchased can be dropped off at the office in your school through February 17th in an envelope marked:

Clarkstown Parents Make a Difference

Cards will be distributed confidentially and with respect to struggling families in our community by the CCSD Office of Pupil Services.

Thank you for your generosity and kindness
